

Tragedy in Mt. Everest

Introduction

Mt Everest is not just an rare achievement but a life challenging adventure. Many climber set out to Khumvu to summit the top of the world but the dream not come true to everybody. The 2 Indian climbers (Mr. Paresh Chandra 58 and Mr. Gautam Ghosh 50) were lost after their successful ascend to Mt Everest from last year April. They were found dead at camp 4 above about 7000m under snow. Similarly one another Indian climber from India Mr. Rabi Kumar 27, had dead at camp 4 this year. Climb mount Everest is not just a physical condition but other factor are equally important like weather, snow fall, wind etc.
