

Experience of a lifetime- absolutely amazing

Introduction

I stumbled across in AATE in Kathmandu, Nepal- A lucky coincidence since they offered the one trip to the mysterious hidden country that I have dreamed of: All the way from the breath-taking view of Mt. Everest from the Tibetan Base Camp to the majestic beauty of the Potala palace in Lhasa. Stunning! It was an adventure to experience the culture, life style and altitude, but a very pleasant one due to the constant efforts of our lovely guide. This should be on the list of what to do at least once in your life time.
